ABOUT US

Since 2002

Founded in 2002, SECURE is a leading provider of Video Surveillance and Access Control Systems across South Africa. We design, install, and support custom security solutions that reduce risk, improve safety, and boost operational efficiency.

With branches in Gauteng, the Western Cape, and KwaZulu-Natal, our certified technicians deliver expert service nationwide — from basic CCTV setups to advanced IP systems with analytics.

AFFIRMATIVE ACTION POLICY

SECURE is committed to building an inclusive and diverse workforce that reflects the communities we serve. We believe in equal opportunity for all and strive to create a collaborative environment where individuals from various backgrounds contribute to our shared growth. Through our empowerment-focused approach, we aim to play a meaningful role in the economic and social development of Africa.

MISSION

To empower our clients through intelligent, secure, and effective solutions — delivering exceptional service, cutting-edge technology, and peace of mind. We are dedicated to protecting people, assets, and operations by consistently exceeding expectations in everything we do.

VISION

To be the most reliable, forward-thinking, and preferred provider of advanced electronic security solutions across Southern Africa.

WHAT WE OFFER

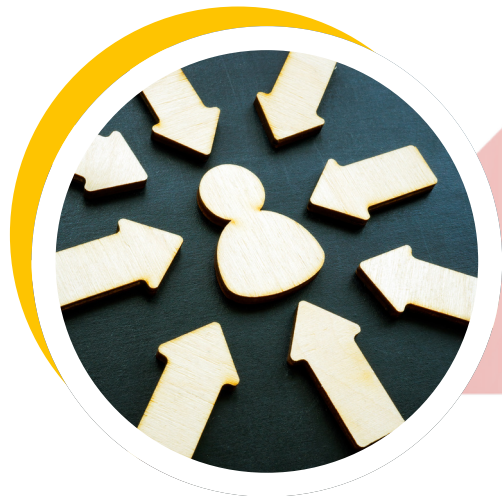

Design and Installation

With over a decade of experience, SECURE delivers tailored security systems designed to meet the unique needs of businesses, industries, and institutions. From minimizing losses to managing assets effectively, our solutions enhance operational efficiency and profitability.

Client-Centric Approach

Giving all due considerations to requirements, special features and capabilities, system applications, budget constraints, the company is always committed to delivering security services that guarantee the objectives of the client.

At SECURE, our extensive experience and dedicated team of in-house Service and Installation Technicians drive our work. Headquartered in Gauteng, with strategically located branches in the Western Cape and KwaZulu-Natal, we have the necessary footprint to effectively service clients throughout Southern Africa. Our technicians are rigorously trained and certified in the full spectrum of technologies we offer, ensuring seamless installation and reliable service, whether it's a simple Video Surveillance System or a complex IP Megapixel System with advanced Analytics. SECURE's technical installation and service support team possesses the training and expertise to implement and maintain the technology that any application may require.

OUR SERVICES

Access Control

Control who enters your premises with smart access systems including biometric & card authentication, time & attendance tracking, and automated barriers like bollards and boomgates.

CCTV Surveillance

Safeguard your space with our advanced CCTV systems. We offer IP and analog solutions, covert camera setups, POS overlays for transaction monitoring, and LPR systems for vehicle tracking. Our smart surveillance tools ensure optimal visibility, security, and data integration—indoors and outdoors.

Control Room Design

We design ergonomic, fully optimized control rooms that enhance operator efficiency and integrate seamlessly with all your surveillance and security infrastructure.

Electric Fencing

Deter intruders with high-voltage electric fence systems designed for perimeter protection and integration with alarm and CCTV systems.

Mobile DVR Solutions

Track and monitor your fleet or remote assets in real-time using GPS-enabled mobile DVR systems—perfect for logistics, city surveillance, and emergency response vehicles.

Security Consultancy

From system design and planning to implementation and project management, our expert team offers end-to-end consultancy to meet your security goals.

OUR TEAM

Vincent Blasl – Managing Director

A long-time South African resident with over 50 years in the country, Vincent transitioned to the security industry in 2002 after a successful IT career, founding SECURE (formerly Online Administrator). His background includes expertise in main frame computing and entrepreneurship. A keen sportsman and accomplished chess player (including a South African senior championship win), Vincent is a dedicated family man.

Ethel Rusere – Group Business Executive

Ethel is a multi-skilled qualified sales professional with solid industry experience in business development, account management, project management, problem solving and customer service. With over 15 years of experience in the Financial and Engineering sectors, she brings a flare of experience to the team with her tenacious, confident, passionate, goal-oriented and team player mentality.

Nompumelelo Motaung – Regional Executive (KZN)

A dynamic executive with over 10 years' experience, Ms. Motaung has led companies across transport, construction, security, and more. She previously served as CFO for seven years and sits on several NGO boards. Holding a BCom in Financial Management and numerous certifications, she brings strategic and financial leadership to every venture. She is also active in mentorship and public speaking.

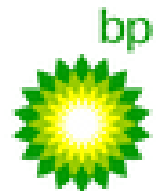

Freddie Lochner – Sales Executive

With over 15 years of experience in the security industry, Freddie specializes in internal/external sales and new business development. He has led large-scale CCTV ,virtual estates, and security projects across South Africa, driven by a commitment to innovation and service excellence. Based in Pretoria, Freddie values challenges and craftsmanship— both in work and in life. Outside of work, he enjoys a good golf , action cricket, and events with his children.
